

Industrial Machinery and Equipment Mechanic

Position: Senior Industrial Mechanic

Workplace: Gdańsk (Kokoszki- district)+ Foreign Delegations

Nice to see you here!

We are currently looking for a **Industrial Machinery and Equipment Mechanic** to join our team. Automaze is a dynamically developing engineering company specializing in serving the automotive industry. We offer services in the design, programming, and commissioning of production lines as well as production support. Our projects are carried out for the world's largest car manufacturers, such as BMW, Ford, Daimler, Volkswagen, Scania, and Continental.

We are looking for a **Industrial Machinery and Equipment Mechanic** specializing in industrial automation with at least 3 years of experience. The role requires independence and a readiness for frequent international travel.

We are waiting for your applications at: hr@automaze.pl

Employment terms: Contract of Employment or B2B

During foreign travels, we guarantee: transport to and from the project + coverage of accommodation costs (apartments or hotels).

Work model: Stationary work + foreign business trips (approx. 50/50)

Your responsibilities will include:

- Mechanical assembly of industrial machinery and equipment based on technical drawings
- Support during machine startup
- Analyzing malfunctions and solving technical problems
- Starting up new and modifying existing machines and devices
- Verifying and correcting errors in technical documentation
- Reporting ongoing work

Apply to us if you:

- Have vocational or technical secondary education – mechanics
- You have worked in a similar position for at least 3 years and built machines for the industrial sector
- Are willing to go on business trips abroad
- Can communicate in English at a conversational level
- You have worked in a similar position for at least 3 years and built machines for the industrial sector
- Have knowledge of pneumatics
- Can operate basic hand tools and power tools
- Have a driving license category B
- Can and enjoy working with people
- Certificates for operating cranes and forklifts will be an advantage

We offer:

- Stable cooperation employment on terms convenient for you, based on Contract of Employment or a B2B contract
- Competitive salary and transparency regarding earnings and career advancement opportunities
- Life insurance during foreign travel
- Contribution to private healthcare
- Contribution to a Multisport card
- Interesting and developing projects for global leaders in the Automotive industry
- Employee referral bonuses
